

Dear students!

To maintain order, cleanliness, and comfortable living conditions in the dormitory, a penalty points system is introduced for rule violations.

Please review the main types of violations and the corresponding penalties:

Main violations and penalty points:

- Untidy room — from 1 to 3 points
- Trash / unsanitary conditions — from 2 to 4 points
- Late trash disposal — 1 point
- Damage to dormitory property — from 3 to 5 points
- Noise during prohibited hours (after 23:00) — from 2 to 4 points
- Violation of residence rules (unauthorized persons, overnight guests) — from 3 to 5 points
- Smoking in prohibited areas — 5 points
- Use of prohibited appliances (heaters, hot plates, etc.) — from 3 to 5 points

Important:

- The maximum allowed number of penalty points is 10 points
- When the total reaches 10 points, eviction from the dormitory may be applied
- The number of points depends on the severity of the violation
- For repeated violations, the penalty may be increased

How to reduce penalty points:

You can reduce penalty points by completing assigned redemption work, such as cleaning or helping around the dormitory.

Information about available redemption work is published in the news section. We recommend checking updates regularly.

Completed work is credited and penalty points are reduced only after review and confirmation by the dormitory manager.

Please follow the established rules, respect others, and help maintain order in the dormitory.

Thank you for your understanding and responsibility!
